

# Teaching Primary Science Outdoors

How is it going?

HELENRSRING NOV 24, 2020 12:55PM

## What's going well?

### have access to lovely school grounds

Huge school area- field work

EYFS use outdoor space for learning across the curriculum

### Forest school

### SLT support with ideas

### EYFS excellent practice

hit and miss through out the rest of the school.

### Use of sensory garden and local park

### Science based trips in some year groups

### KS1 curriculum lending itself more to outdoor learning

EYFS and Year 1 use the space well. Seek outdoor opportunities daily.

## What challenges do you face?

Very little space and what we do have is a concrete yard.

### availability of additional adult to support learning/activities

weather

Staff not confident with going outside with classes

### Time pressures to covering objectives. Time

### Little natural space, building work on school premises

### Bubbles and timetabling of space

lack of TA support

### confidence of staff

### Time, staff confidence, clothing

## What questions do you have?

How do you motivate all staff to use outside space, especially KS2?
